Dear Bulent,

What a delightful surprise to receive your magnificent book of drawings of Oxford. Can't tell you how much they delight me and what marvelous memories they bring back. Your drawings are absolutely superb. They capture the spirit as well as the dimension of the scene.

I'm pleased you were able to be here for the meeting with the alumni associations. I certainly enjoyed the interchange.

Again, many thanks and very best wishes.

Yours,

STANSFIELD TURNER
